Streamlined, shorter Vorschau sections orient students more quickly to each chapter theme. Many Vorschau sections are based on texts from daily life (e.g., tweets, a recipe for a favorite Swiss breakfast, or a menu from a popular student restaurant).UPDATED! The pronunciation section Zur Aussprache now appears early in each chapter, as suggested by our readers.NEW! Picture-based activities in WÄrter im Kontext vocabulary practice sections entice students to explore the meaning of new vocabulary and phrases via objects and material from everyday life.NEW! Alles zusammen chapter-ending sections provide thematically connected, hands-on tasks that show students what they can do with the language. Students are prompted to read a text or watch an authentic video, discuss it with a partner or group, and present their new eAAAtakeeAAA on the topic, orally or in writing. These activities help students synthesize and appreciate the progress they are making as they learn to communicate in German.NEW! Easy-to-find student notes alert students to interesting aspects of German (Achtung!) and offer helpful learning tips (Lerntipp!).NEW! Integrated Performance Assessments (IPAs) and Can-Do Statements help instructors guide and assess learner progress. IPA tasks use authentic sources and focus on real-life contexts that students will find both engaging and meaningful. After each IPA task, students will complete a self-assessment based on the Can-Do Statements designed to help them track their own progress towards specific levels of proficiency. By combining trusted author content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. Optional English Grammar Readiness Checks test students' understanding of grammar topics in English and provide personalized remediation via animated tutorials.Point of Need Student Feedback including Feedback Bubbles give students instant hints on how to approach an activity and/or why a given answer is incorrect. When students try again, the "Need help?" feature links to specific sections in the eText and additional related resources to help students improve their performance.Synchronous Audio and Video Recording Tools enable instructors to easily facilitate oral practice outside the classroom. These tools let learners engage in online video and audio chats with other students in the class and record their conversations. The recordings are sent to the grade book where instructors can review, leave feedback, and assign a grade.Learn more. New and updated content fosters understanding and application of german language and cultureUPDATED! Throughout the 7th edition, the number of Kultur sections per chapter has been increased from one two to intensify TreffpunkteAAAs integration of culture. These sections offer activities that encourage greater reflection on cultural products, practices, and perspectives of the German-speaking world. Topics include:The use of social media and other technologies among German students;Recent migration to Germany, featuring an oral history of a new citizen with a migration background; andService-learning opportunities for young people in Germany and Europe.UPDATED! shorter Vorschau sections orientate students faster to each chapter theme. Many sections of Vorschau are based on texts of everyday life (for example, tweets, a recipe for a favorite Swiss breakfast, or a menu from a famous student restaurant). All right! The Zur Ausssprache section now appears in each chapter as suggested by our readers. Image-based activities in the vocabulary practice sections Wörter im Kontext invite students to explore the meaning of new vocabulary and phrases through everyday objects and materials. Alles zusammen chapter-ending sections provide thematically linked tasks, practical tasks that show students what they can do with the language. Students are invited to read a text or watch an authentic video, discuss it with a partner or group, and present their new "take" on the topic, either by mouth or in writing. These activities help students synthesize and appreciate the progress they are making while learning to communicate in German. Easy-to-find students alert students to interesting aspects of German (Ach so!), emphasize easy-to-confuse elements (Achtung!) and offer useful learning advice (Lerntipp!). Integrated performance assessments (IPAs) and Can-Do statements help instructors drive and evaluate student progress. IPA tasks use authentic sources and focus on real-life contexts that students will find both engaging and significant. After each IPA task, students will complete a self-assessment based on Can-Do statements designed to help them monitor their progress towards specific levels of expertise.
